This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PAHAMATNG̃ON

Ang pinasugdan niining libro nga guihalad co canimo, hinigugmang magbabasa, mao da lang ug pila ca pagpamulong nga binisaya nga guihubad co sa iningles cay aron musugod sa pagsulti niining pinolong̃an ang mga bata nga guitonan co niana; uala co gayud mahunahuna nga arang maquita ang sinulat co sa mga talahodon nga tao nga managagda canaco sa pagcahingpit sa acong buhat, sa pagcahimo ug usa ca libro nga tacus sa pagimprenta. Busa guipon-an ang guisugdan co sa lain laing mga pagpamulong, ug ania man ing̃on sa pagcacabús sa acong quinaadman. Dili pacaing̃on mo nga nagapaandac aco sa acong binuhat; hinsaydan man naco nga daghan caha ang mga sayop nga hipalgan mo sa pagbasa sa ubang mga pagpamulong; apan, maquilooy aco canimo nga pasagdan mo lang canang mga sayop, ug imong tanaon da ang tuyo co sa pagpanagana canimo sa dalan sa pagsulti sa iningles. Cay maculi man caayo ang pagsangpot sa ubang mga pulong niining pinolong̃an, cun dili quita ogaling mudang̃up sa quinachila, uala idugang co ang pagcaloas nila ing̃on sa guipanagtuman sa mga magsusulat sa iningles. ALFABETO ÑGA ININGLES.

Ang mga letra sa pinolongan nga inglés ug ang mga ngalan sa tagsa tagsa mao ang musonod:

A *a*	ei	N *n*	en
B *b*	bi	O *o*	o
C *c*	si	P *p*	pi
D *d*	di	Q *q*	quiú
E *e*	i	R *r*	ar
F *f*	ef	S *s*	es
G *g*	dyi	T *t*	ti
H *h*	eich	U *u*	iu
I *i*	ai	V *v*	vi
J *j*	dye	W *w*	dobliú
K *k*	que	X *x*	ex
L *l*	el	Y *y*	uay
M *m*	em	Z *z*	sed

Quining mga letra guibahin man sa mga vocal ug sa mga consonante; nahatungud sa nahaunang bahin ang mga letra *a, e, i, o,* ug *u,* ug usahay usab ang *w* ug ang *y* cun quining duha guisundan sa laing letra; sa icaduhang bahin nahatungud ang uban. Dili man ang tuyo co ang pagsaysay sa nagcalain laing mga tinoga sa tagsa ca letra: quining tuyo pagatumanon sa gramática, nga may catungdanan sa pagtodlo sa mga agui sa pagsulti ug sa pagsulat ug maayo sa
